Education

Year	Qualification	Board / Institute	CGPA / %
2027*	Master's Degree (MCA)	GLS University	Sem 1–2: 8.76 CGPA
2025	Bachelor's Degree (BCA)	Shri C. Z. M. G. B.C.A. College	80.61%
2022	HSC (12th)	GSEB	71.86%

Projects

PHD RDC Committee Management System (PHP, MySQL, Bootstrap) March 2026 – Present

- Developed a web-based Research Degree Committee (RDC) Management System to streamline the administration of Ph.D. scholars, supervisors, and committee activities within the university.
- Implemented modules for managing research scholars, panel members, supervisors, RDC meetings, meeting schedules, agenda, attendance, and meeting records using PHP and MySQL.
- Designed role-based authentication and administrative dashboards to manage committee workflows, meeting documentation, and research progress efficiently while reducing manual record-keeping.

MediTrack – Clinic Management System (Django, TailwindCSS) Jan 2026 – Feb 2026

- Built a Django-based clinic management system to digitize patient registration, medical records, and doctor workflows for small clinics
- Modeled core clinic entities (Doctor, Patient, Visit, Vitals, Prescription, Appointment) with session-based authentication, establishing the foundation for scheduling and reporting features

FlightMate – Flight Booking System (ASP.NET, C#, SQL Server) Jul 2025 – Sep 2025

- Engineered a full-stack flight booking platform using ASP.NET Web Forms, C#, and SQL Server, enabling users to search, filter, and book one-way or round-trip flights with real-time validation and city autocomplete
- Delivered an admin panel to manage flights, bookings, and users, supporting full CRUD operations and live booking statistics
- Architected an end-to-end booking pipeline (search → booking → payment → confirmation) with session-based authentication and dual-layer client/server validation

Technical Skills

Languages: C++, Python, C# , PHP , HTML5 , CSS , Javascript
Libraries and Frameworks: Django, ASP.NET
Databases: MySQL, MongoDB, SQL Server
Tools: Visual Studio, Visual Studio Code, Jupyter, Git

Certifications

Web Development: Responsive Web Design Certification (freeCodeCamp)
.NET: Full-Day Workshop on .NET (Ansi ByteCode LLP)

Key Courses Takeaway

Programming Concepts: Object-Oriented Programming, Data Structures & Algorithms, Python Programming, C++ Programming

Database Concepts: Database Management Systems, Database Administration, SQL Fundamentals, Relational Database Design

Interests

Table Tennis | Cinephile
